SKILLS

- **Programming Languages:** C, C++, Java, Python
- **Front-End Technologies:** HTML5, CSS3, JavaScript, ReactJS
- **Backend Technologies:** PHP
- **Frameworks:** Bootstrap, Tailwind CSS, .NET
- **AI Models:** ANN (DNN, CNN, RNN, Bag of Words)
- **Testing:** Automated Testing, Manual Testing, Selenium
- **Platforms:** Linux (RedHat), Windows, macOS
- **Other Skills:** Leadership, Communication, Creativity

PROJECTS

- **Auditorium Booking Management System**
Tech Stack: HTML, CSS, JavaScript, PHP, MySQL
 - ⇒ User and Admin Dashboards: The project features separate dashboards for users and administrators, facilitating role-specific functionalities such as booking requests and administrative approval.
 - ⇒ Dynamic Request Handling: Implements a booking request form and editing functionality, allowing users to submit, view, and modify their auditorium booking requests.
 - ⇒ Database Integration: Utilizes a structured MySQL database to manage user information, booking data, and system processes efficiently.
- **Music Streaming Platform – Spotify Clone**
Tech Stack: HTML, CSS, JavaScript
 - ⇒ Developed a Spotify clone built with HTML, CSS, and JavaScript, featuring a responsive design and functional music player.
 - ⇒ The application allows users to browse through popular artists, albums, and playlists, and play their favorite songs.
- **Portfolio Website**
Tech Stack: HTML, CSS, JavaScript
 - ⇒ Designed and built a sleek portfolio website showcasing projects, skills, and achievements.
 - ⇒ The website features a responsive design, smooth scrolling, and animations to enhance the user experience.
- **MVD Academy: Learning Management System**
Tech Stack: HTML, CSS, JavaScript
 - ⇒ A dynamic web application was developed to cater to the needs of students and teachers, offering a range of features that enhance their educational experience. The application allows users to create profiles, access academic performance reports, and view test information, while also facilitating the sharing of meeting information.
 - ⇒ Additionally, teachers can provide valuable feedback to students, which is seamlessly displayed in their respective student portals.

CERTIFICATES
